PROFESSIONAL SUMMARY

Frontend Developer with over 1.5 years of experience building responsive, user-centric web applications using **React, Next.js, JavaScript, HTML, and CSS**. Experienced in API integration, performance optimization, and cross-browser compatibility. Collaborative team player with hands-on experience in agile development environments and a strong focus on clean UI/UX.

Frontend Development Experience

Junior Frontend Developer, Ayata Inc.

Aug 2024 – Present
Kathmandu, Baneshwor

- Collaborated with backend developers to integrate RESTful APIs.
- Ensured responsive design and cross-browser compatibility.
- Participated in code reviews and knowledge-sharing sessions.
- Improved frontend performance and accessibility.

Frontend Development Intern, Ayata Inc.

Jun /2024 – Aug /2024
Kathmandu, Baneshwor

- Built and maintained interactive web applications using JavaScript and React.
- Applied UI/UX best practices to create intuitive interfaces
- Gained hands-on experience working in agile development workflows.

PROJECTS

Bytecape 📄

Contributed to building responsive layouts and enhancing interactive UI elements to improve user experience across devices.

ihrTrack 📄

Developed a smart and efficient digital solution for tracking business attendance and workforce activity.

Medipuzzle 📄

Game-based learning platform for medical education. Designed engaging and intuitive interfaces to simplify complex medical concepts.

Uniseek 📄

Built frontend components for a study-abroad planning platform, supporting features such as mentorship, test preparation, and document management.

Zunoon

Contributed to developing an interactive English–Spanish word translation feature, ensuring accurate real-time translations and a user-friendly interface.

ClubCanva

Contributed to frontend development and QA for a member management system, implementing API integrations, validating data accuracy, and testing membership-related workflows.
